

Informed Consent Form for Experimental Participants

Please read the following information carefully

The purpose of this experiment is to measure color perception in people. Measurements done during the experiment are range of colors and reaction time. None of these measurements pose any danger to health. For the experiment you will be using an ipad, and you will be alone in a room with headphones playing *pink noise* in order to block out noise from the outside.

Time: the duration of the entire procedure is 45 minutes. The experiment will consist of two parts, each of them lasting for 20 minutes. There will be a break of 5 minutes between the two halves.

Subject's rights: as a participant you have the right to decline participation and withdraw from the experiment at any time without further consequences. Data recorded will be analyzed and used for developmental and publication purposes.

Please do not hesitate to ask any questions before or after the experiment. You can reach us in the following email address: carlestapi@gmail.com

If you agree with the above-stated conditions and want to participate in the experiment, please sign below. By signing the form, you confirm that you meet the following conditions:

- You are at least 18 years old.
- You have read the above consent form, understood it and you agree with it.
- You want to participate in the above-mentioned experiment.
